FULL - STACK DEVELOPER

Junior

Professional objective

Junior Full Stack Developer and IT Support Technician with hands-on experience in web development, systems support, and AI tool integration. I am eager to contribute to an innovative team while continuing to grow professionally across any IT domain—whether in Helpdesk/Technical Support, Artificial Intelligence, IT Services, or Software Development. Highly adaptable, proactive, and motivated to embrace new technologies and challenges.

Skills

WEB DEVELOPMENT

- HTML5, CSS3, SASS, C#
- JavaScript, Node.js & TypeScript
- PHP & Laravel
- React.js, Next.js, Angular
- WordPress Development
- Custom Themes & Plugins
- REST APIs
- Frontend & Backend Development

IT SUPPORT & SYSTEMS

- Windows & Linux (Ubuntu)
- Hardware & Software Troubleshooting
- Technical Support & Incident Resolution
- Remote Support & Remote Consoles
- Basic Networking (LAN, Wi-Fi, TCP/IP, DNS, DHCP)
- User Support & Technical Assistance
- System & Web Infrastructure

AI & AUTOMATION

- AI-assisted Development
- AI Integration into Web Projects
- AI Tools & LLMs
- Workflow Automation
- Process Optimization
- Task Automation
- AI-powered Solutions

Professional experiencie

Full stack developer & IA Integration — **June 2026 - Now**

Asociacion LVC (June 2026 - Now)

Volunteer (Part-time) collaboration in the development and management of the organization's website. Implemented technical improvements using PHP and AI-assisted development to enhance functionality, optimize website performance, and accelerate feature implementation. Managed and optimized WordPress and Bunny.net infrastructure, including content delivery, resource management, and overall site performance.

Full stack developer & IT Support — **May 2026 - June 2026**

I*Tnube*

I completed an internship as a Full-Stack Developer, working with PHP, HTML, CSS, and Laragon. I managed multiple conference websites across Spain using WordPress, provided IT support by resolving technical issues directly with clients, and integrated AI into my daily workflow and various development projects to improve productivity, automate repetitive tasks, optimize website performance, and accelerate feature development.

Intership full stack **Feb 2025 - May 2025**

Wallbox

Front-end

- HTML and SCSS: For the structure and styling of the web page
- Use of the Angular framework with TypeScript for the development and complex functionality of the web page.

Back-end

- Use of the Node.js runtime environment with TypeScript for static typing in JavaScript.
- PgAdmin for data administration.
- All of this managed using Docker Compose for easy handling of multiple containers.

Project Collaboration **Sep 2024 - May 2025**

DevLeap 1

I collaborated in the development of a website from scratch that offers free computer science classes 100% online. I worked on both the front-end and back-end, as well as data management, strengthening my knowledge and gaining experience in teamwork and version control.

Learning:

- Frontend development with Next.js
- Clerk for user authentication
- Hygraph CMS with GraphQL for data management
- Framer Motion + Tailwind CSS + Sonner for a complete user experience

Work experience outside of IT

Head Baker **Mar 2026 - May 2026**

SOCPANARRA S.L.

Led and coordinated a team in a bakery environment, organizing daily tasks and ensuring an efficient workflow. Worked closely with team members to meet production goals, maintain quality standards, and solve day-to-day challenges. Developed strong leadership, teamwork, communication, and organizational skills while working in a fast-paced environment.

Administrative Assistant **Jul 2024 - Apr 2025**

Eulen S.A.

Provided administrative support and assisted with daily office tasks. Managed documentation and information using office software, ensuring accurate and organized work. Also handled the reception and assistance of personnel, strengthening my communication, organization, and customer service skills.

Waiter **Mar 2023 - Jul 2024**

Restaurant Plaza real, S.L.

Worked in a fast-paced restaurant environment, providing customer service while maintaining a high level of concentration and efficiency. Collaborated closely with the team to ensure smooth daily operations and learned to work effectively under pressure while handling multiple tasks simultaneously.
